

Please use this form to notify us of qualifying use of a site being supplied with gas or electricity.

Qualifying use for the reduced rate of VAT is:

- domestic use or
- non-business use by a charity

Qualifying use is subject to the reduced rate of VAT to the extent that the premises is used for these purposes. Other use of the premises is subject to normal VAT rules as they apply to gas and electricity.

More information on the definition of qualifying use and the VAT treatment of supplies of gas and electricity is available at www.gov.uk

Please submit a separate certificate for each agreement number, site and fuel type, and complete Section 1, Section 2, one of Section 3, 4, or 5, and Section 6.

Notes

- Your customer name must be the same as appears on your energy bill/statement.
- The qualifying use percentage refers to the proportion of your use that is qualifying under Section 3 or Section 4 below. It does not refer to the rate of VAT applied to the qualifying use (5%).
- The qualifying use percentage should only be rounded to two decimal places.
- If you're claiming relief for domestic use please complete Section 3.
- If you're claiming relief for non-business use by a charity please complete Section 4.
- If you're notifying us of a site no longer qualifying for relief please complete Section 5.

----	----	----

- I confirm that I have understood the HMRC guidance regarding the qualifying use relief being claimed
- I understand that any incorrect statement may make me liable to a financial penalty under the provisions of the VAT Act 1994, as amended
- I confirm that I will notify SSE Energy Solutions of any change in circumstances which affects the information provided above

General notes

- A separate certificate must be submitted for each agreement number.
- A separate certificate should be submitted for each site and for each fuel type.
- We may accept MPAN/MPRNs qualifying for the same relief percentage under a single customer agreement consolidated in a separate list.
- The relief percentage claimed must be calculated at premises level (not per MPAN/MPRN or on consolidated use at multiple premises).
- Please provide sufficient information to allow validation of the relief percentage claimed. Providing additional information, including back-up calculations, may help us to process your certificate. We may reject inaccurate certificates and issue corrected bills where required.
- Qualifying use does not apply to all charitable use, only charitable use that is "otherwise than in the course or furtherance of business" (non-business use). Examples of business use by charities that do not qualify for relief are fundraising and events, retail/shop sales, catering and venue hire, paid memberships admissions charges and advertising/sponsorship.
- You must inform SSE Energy Solutions of changes in the relief percentage (changes in qualifying use).
- More information regarding VAT on fuel and power, qualifying use and charitable business and non-business activities is available at www.gov.uk
